Samurai of Rokugan!

A couple questions have come up regarding the status of Clan holdings, Clan Strongholds, Clan Sensei and Elemental Rings in the Twenty Festivals format. Well to make it simple we have adjusted the wording for Strict to take into account all of the cards we want in the format and prohibit those we do not.

So lets start with the 4 card types I just mentioned:

1. Clan Holdings: NOT Legal
2. Clan Strongholds: Legal
3. Clan Sensei: Legal
4. Elemental Rings: Legal

The wording for the format will now read. *“All cards in the Base Set plus all cards with the Black Legality Bug in the 3 expansion sets for the Arc”*

For reference the *“All Cards in the Base Set”* are those listed number 1 – 372 in Twenty Festivals. Cards reprinted in the starters decks (like Clan holdings and Ivory Arc cards) are not automatically part of Twenty Festivals.

Twenty Festivals is now available in Stronghold Stores and April 13th for General Release. Have you had your 20F today?
